

Secret Code: Make a secret code machine.

Print page 2 on card. Cut out the machine, and then cut along the dotted lines to open two slots.

Print page 3 on card, you may use a different colour. Cut out the secret code grid.

Put it into the slots in the machine and the secret code is ready!

You see that the letters H and C and the letters T and N are written twice: you can slide the grid in the machine to get three different secret codes...

A		N
B		O
C		P
D		Q
E		R
F		S
G		T
H		U
I		V
J		W
K		X
L		Y
M		Z

H	C
T	N
Y	Q
F	D
R	L
J	V
S	I
X	O
A	K
P	U
G	H
E	W
Z	B
H	C
T	N

I wrote this message using the secret code machine:

Can you write it in English?

Can you crack the code?

A	B	C	D	E	F	G	H	I	J	K	L	M
N	O	P	Q	R	S	T	U	V	W	X	Y	Z

Can you write your name using the secret code? Can you write the date using the secret code?

Create your own secret code!

Use the empty secret code grids to write the 26 letters in the boxes (make two of them to give one to your best friend: your best friend is going to use it to read your secret messages).

Put it into the alphabet machine and your secret code is ready!
