

Crazy loops

Numbers: 2, 3 and 4.

Start: the red dot ● on the grid.

Draw red lines: 2 squares long to the right, turn left, 3 squares long, turn left, 4 squares long, turn left, 2 squares long ... Can you finish the crazy red loop to get back to the red dot?

Start with the blue dot ● ; use the numbers 2, 1 and 4. 2 squares long to the right. Always turn right this time!

Now, choose three numbers

--	--	--

and start on the red dot  and your direction: left or right.
